Oppose

The intersection of Cecil Rd and Chiswick Street is arguably the most dangerous in Bardon. The location of the proposed site directly opposite will only exacerbate the situation. It simply beggars belief.

There appears no benefit to the local community given the enormous number of childcare facilities in the vicinity. A quick check of these reveals vacancies present.

We appear to have a scenario where there is no need, no community benefit, just traffic congestion issues and extreme danger to motorists.

I strongly object to this proposal.
